RISHTON, BLACKBURN

A clearer picture of your health.

Private health screening for men and women who want a useful baseline and a more informed next step.

CHOOSE YOUR STARTING POINT

Screening, made clearer.

A blood screen can measure markers across several areas of health, even when you feel well. Explore the panels below, then contact Debs to discuss the options and arrange your appointment.

YOUR SCREENING OPTIONS · HSC6

Standard Screen

A core health overview.

£110 LAUNCH PRICE

Standard price £140 from 1 January 2027.
Launch price valid through to 31 December 2026.

Blood count, heart, liver, kidney, glucose, iron and vitamin D markers, plus urinalysis.

What is included

- **Full blood count:** haemoglobin, red and white cell counts, and platelets.
- **Heart health:** cholesterol, triglycerides and hs-CRP.
- **Liver health:** liver enzymes, bilirubin and albumin.
- **Kidney health:** creatinine, eGFR and key electrolytes.
- **Diabetes health:** glucose and HbA1c.
- **Bone health:** calcium, phosphate and vitamin D.
- **Urinalysis:** checks including glucose, protein, blood and related markers.
- **Iron status:** ferritin.

Results are information, not a diagnosis. Panel markers vary by option. Ask Debs for the complete marker schedule.

YOUR SCREENING OPTIONS · HSC7F / HSC7M

Standard Screen Plus

An extended health overview.

£140 LAUNCH PRICE

Standard price £175 from 1 January 2027.
Launch price valid through to 31 December 2026.

The Standard Screen foundation, plus thyroid markers and one sex-specific marker: PSA for the male panel or CA-125 for the female panel.

What the panel adds

Includes every marker listed for Standard Screen, plus:

> **Thyroid markers:** TSH, free T3, free T4 and thyroid antibodies.

> **One sex-specific marker:** PSA for the male panel (HSC7M), or CA-125 for the female panel (HSC7F).

> Results are information, not a diagnosis. Panel markers vary by option. Ask Debs for the complete marker schedule.

F = female panel. M = male panel. Contact Debs to discuss panel options.

YOUR SCREENING OPTIONS · HSC9M / HSC9F

Advanced Screen

An expanded multi-system profile.

£325 LAUNCH PRICE

Standard price £410 from 1 January 2027.
Launch price valid through to 31 December 2026.

A broader set of blood, heart, kidney, metabolic, nutritional and hormone markers, with digestive, inflammation and allergy markers.

What is included

- **Blood count and iron:** cell counts, haemoglobin, platelets, ferritin and iron markers.
- **Heart and circulation:** cholesterol, apolipoproteins and cardiovascular risk markers.
- **Liver and kidneys:** liver enzymes, bilirubin, kidney function and electrolytes.
- **Diabetes and metabolism:** glucose, HbA1c, insulin and related metabolic markers.
- **Thyroid and hormones:** thyroid markers and female or male hormone profiles.
- **Nutritional health:** vitamin D, vitamin B12, folate, calcium, magnesium and total antioxidant status.
- **Digestive health:** H. pylori and coeliac-related antibody markers.
- **Inflammation and allergy:** inflammation, complement and immunoglobulin markers.
- **Bone, pancreas and joints:** bone profile, amylase, lipase and uric acid.
- **Sex-specific marker:** PSA for the male panel or CA-125 for the female panel.

Results are information, not a diagnosis. Panel markers vary by option. Ask Debs for the complete marker schedule.

F = female panel. M = male panel. Contact Debs to discuss panel options.

A MORE PERSONAL LOOK

Individual vitamin tests.

Choose tests individually by enquiry. One test per price.

These are tests, separate from the clinic’s vitamin injection treatments.

Glutathione	£80	£100

> Launch prices apply through to 31 December 2026. Standard prices apply from 1 January 2027.

Ask about a test

Message Apex Therapy UK to ask which tests are available. Type **SCREEN** and Debs will help you explore the options.

WhatsApp 07718 115022
apextherapyuk@gmail.com

Results are information and do not replace a diagnosis or medical advice.

OPTIONAL · SEPARATE SCHEME

A cash plan option.

A separate health cash plan may help towards eligible screening costs. The scheme also lists dental, optical, wellbeing therapies and prescriptions.

Health screening benefit by level

Level	Monthly cost	Screening benefit / year
1	£9.00	£50
2	£14.25	£100
3	£22.50	£200
4	£36.00	£300

Contact Apex Therapy UK for the full scheme information and application form. If you decide to go ahead, you apply directly with UK Healthcare / Santé Group.

No medical details are needed just to ask us for information.

> Benefits, eligibility and exclusions depend on the scheme terms. Request the full information before deciding.
